

Dear Parents and Students,

During the COVID-19 Situation, Marlboro Learning Center (MLC) is committed to providing you the best online learning opportunities by the best professionals in each subject to meet your learning needs and assure the student's success.

There will be free online SAT Demo classes this weekend for the summer SAT classes by the top SAT experts who are specialized in maximizing the students' SAT scores through individual attention. The demo class will cover the frequently tested SAT questions, tricks, skills, and plans that are needed to give you the best scores.

MLC SAT Classes are taught by the best pool of teachers who are all certified and have exceptional expertise and experiences that you can trust and compare with any other learning facilities. Additionally, the usage of accurate computerized weakness analysis tracking system, rigid redo test/review strategy and individualized attention that guarantee the student's success. Many students who failed to improve at other learning facilities joined MLC and achieved outstanding improvement in their SAT scores at MLC. Typical MLC SAT student's improvements are 1070 -> 1390, 1230 -> 1510, 1370 -> 1540, 1430 -> 1570, 1540 -> 1590 with proven records.

MLC offers both online and in-person options depending on the status of the virus at the time of the class. We have received very positive feedback during all our online group lessons since we started the online classes last week.

A special discount is available during the promotion. First come first serve. The classes are filling out quickly. The earlier you register, the bigger the discount.

Teacher's Profile:

All our teachers are certified teachers and top experts in the field with 10 – 20 years of experience in teaching SAT with proven records. You will know the differences when you try out our classes.

Mike Rutkowski is a unique and distinguished SAT expert with over 20 years of experience. His teaching style gets every student's attention and focuses on individual student's needs. Mr. Rutkowski also teaches AP English. He knows SAT so well. What you learn from Mr. Rutkowski you won't get from anywhere else. In addition to getting perfect score, Mr. Rutkowski's students have improved up to 300 - 400 points.

Sarah Gross is a certified 9th and 12th grade teacher of High Tech High School at Lincroft who has taught SAT for over 16 years. She knows SAT so well. She herself got 800 perfect score when he was the High Tech student. Mrs. Gross' teaching help beef up student's fundamental English Reading/Writing skills that benefits students' many years to come.

Leo Hwang graduated from Brown with a master in Math, who is a certified teacher with over 15 years of experience on teaching all subjects of Math and SAT. Mr. Hwang is specialized on teaching students at different levels with individualized attention and focus. He knows the SAT Math so well; he can make difficult questions easy to understand and resolve.

Tom Wang is a certified teacher with over 10 years of experience who is specialized on SAT Math and has helped countless students reach perfect score. Mr. Wang is a math genius who interacts very well with students and developed his own teaching material that focuses on individual student's weakness to maximize the improvement.
